SUMMARY

PHP Laravel Backend Developer with 4 years of hands-on experience developing and maintaining scalable, secure web applications and RESTful APIs using PHP 8+ and Laravel. Strong knowledge of MySQL and Eloquent ORM, including database design, joins, indexing, and query optimization—delivered around a 30% improvement in query performance through indexing, eager loading, and query refactoring. Experienced with Laravel Authentication, Middleware, and Validation, secure coding practices, and role-based authorization. Skilled in debugging and optimizing production applications, API testing with Postman, and Git-based version control and code reviews. Also comfortable building frontend interfaces with Vue.js.

EXPERIENCE

Software Engineer & Trainer

RTSoft Solutions LLP

Nov 15, 2022 - Present, Gondia, India

- Developed and maintained backend modules—voucher entry, ledger management, passbook printing, and transaction handling—for a cooperative society financial system with 1,000+ members, using PHP 8+ and Laravel.
- Built and integrated secure RESTful APIs and backend services following MVC architecture and OOP principles.
- Worked extensively with MySQL and Eloquent ORM—database design, joins, indexing, and query optimization—improving query performance by ~30% through indexing, eager loading, and query refactoring.
- Implemented Authentication, Middleware, and Validation in Laravel, along with Role-Based Access Control (RBAC) for secure, multi-level authorization on financial data.
- Debugged and resolved production issues and optimized application performance across several live production applications.
- Followed secure coding practices and used Git/GitHub for version control, code collaboration, and code reviews across all projects.
- Tested APIs and application flows using Postman; fixed bugs, SEO gaps, and page redirections across 3+ live production websites.
- Mentored 40+ students/junior developers on real-world PHP and MySQL projects and collaborated with frontend developers to deliver 5+ responsive UIs for live client applications.
- Managed end-to-end deployments via cPanel.

PROJECTS

Cooperative Society Management System – Client Project, RTSoft Solutions

- Designed and built a complete financial management system for a cooperative society with 1,000+ active members.
- Developed modules for voucher entry, passbook printing, loan account management, and member record tracking.
- Implemented dynamic financial reports: Profit & Loss, Balance Sheet, Trial Balance, and NPA with real-time data aggregation.
- Used `DB::transaction()` with automatic rollback to keep financial data consistent on failed operations.

Online Examination System – Internal Project, RTSoft Solutions

- Developed admin dashboard, student exam interface, timer functionality, and automated result processing with scoring.
- Implemented secure session-based authentication and server-side input validation.

Mini Bank System – Personal Project (github.com/Triveni-Hemne/mini-bank)

- Built a full-stack SPA banking application featuring account management, fund transfers, and transaction history.
- Implemented secure token-based API authentication using Laravel Sanctum with protected middleware routes.
- Developed interactive financial dashboards with real-time Chart.js visualizations integrated into Vue 3 + Inertia.js.

Portfolio Website – Personal Project

- Built and deployed a responsive personal portfolio using Vue 3 + Vite with reusable component architecture.

SKILLS

Backend: PHP 8+, OOP, Laravel, Eloquent ORM, RESTful APIs, JSON, MVC, Authentication & Authorization, Middleware, Validation, RBAC, Laravel Sanctum, API Security

Database: MySQL, SQL, Joins, Indexing, Query Optimization, Database Design

Frontend: JavaScript, Vue.js 3 (Composition API), Inertia.js, Tailwind CSS, Bootstrap 5, Blade Templates, Chart.js

Tools & Practices: Git, GitHub, Composer, Postman (API Testing), cPanel Deployment, Session Management, Debugging & Performance Optimization, Code Review

EDUCATION

Bachelor of Vocation (B.Voc.)—Software Development

Rashtrasant Tukadoji Maharaj (RTM) Nagpur University • Gondia, Maharashtra • Aug 2021 • 9.09/10
